Choccolocco, Ala.

Dear Sir:

Your 1840 dime o mint might bring a slight premium, if in very nice condition. The same with your 1834 half dime. Your 1894 S dime might be rare. Your large cent may be worth a few cents premium. The Stone Mountain half dollar has no especial premium and your quarter of 1827 may have a premium, if in very nice condition. It is imposaible to put values on coins without seeing them. If you will send your coins on to us so we can look at them we can tell you definitely what they are worth and if we care to buy them we will make you an offer. You have one or two pieces that might be scarce, if in nice condition.

Very truly yours,

HW:JG
